DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 8. MARYVILLE, MISSOURI, MONDAY, JUNE 3, 1918 NO. 312.

WAS A HURRY ORDER

The American Red Cross society, with a record for acting quickly in an emergency, had ample opportunity to demonstrate the fact this morning when word was received by the local chapter that 180 soldiers would pass through on the Wabash at noon and asking that they be cared for by being furnished luncheon. With two hours to spare the ladies were on the depot platform at the Wabash forty-five minutes ahead of time with lunches for 240 men, hot coffee, ice water and cigarettes.

The soldiers—there were 108, all volunteers from Aberdeen, S. Dakota, and other nearby points—were en route to training camps. When the Wabash arrived they left the coaches and lined up on the platform where the lunches were distributed and tin cups provided by the Red Cross were filled with steaming coffee. The men enjoyed their lunch on the greensward.

They were unaccompanied by army officers and maintained the best of order and were in great spirits, cheering the Red Cross and with significant yells berating the kaiser and his hosts. "Where's the Red Cross hat?" shouted one of the men, when the meal was finished, and without ceremony a big blonde fellow pulled off his cap and the silver began to fall into it. The Red Cross ladies protested, but without avail, and the coins were dumped into a tin cup and left on one of the baggage trucks as the men, still cheering, climbed aboard. A plentiful supply of cigarettes was brought and every man who wanted to smoke was given all he would take.

Through a misunderstanding of the number of men in the party the Red Cross ladies had enough for twice the number and the surplus was put aboard the coaches that they might have it for supper if they desired. They were given breakfast at Council Bluffs, Iowa, and still had large quantities of eatables given them there.

Learning of the coming of the soldiers a large number of town folks were at the train, among them being scores of Normal students. The Red Cross ladies handled the affair as if it was an every-day occurrence and perfect system was in evidence in every detail. The men helped in getting the supplies to the depot and in seeing that the men got what they wanted.

This is the first request the local chapter has had to provide a canteen service for troops passing through, and as other calls are expected as additional men are routed through Maryville, it is believed that the service will be definitely organized.

Commencement Concert.

The commencement concert of the Conservatory will be held next Wednesday night at the First Methodist church, corner of First and Main streets.

Colorado Visitors.

Mrs. George H. Curfman and children, Martha, Jane and George, Jr., of Salida, Colo., who have been visiting Mrs. Curfman's parents, Mr. and Mrs. David A. Gelvin of Maitland, came to Maryville last night to visit Dr. Curfman's mother, Mrs. J. C. Curfman, and other relatives.

LARGE CROWD HEARD SERMON

A large crowd, including Normal students and city folks, heard the baccalaureate sermon delivered yesterday afternoon to the 1918 graduating class in the Normal auditorium by Dr. S. A. Coile of the Presbyterian church. In an impressive address Dr. Coile presented a picture of the life of Christ as a pattern for service, pointing out that the men and women who achieved the greatest distinction and who were of the most value to the world were those who served. The singing was led by Miss Helen Zenor, director of music at the Normal.

This evening and tomorrow morning will occur the final events in the class exercises with the play "Green Stockings" on the program for tonight and the class exercises tomorrow morning when class honors and certificates will be presented.

A business meeting of the board of regents will be held tomorrow afternoon.

A QUITMAN BOY AT THE FRONT.

The following letter has just been received by H. C. Bailey of Quitman, from his son, Harry, who is with Pershing's forces in France:

Somewhere in France, May 5, 1918.
Dear Folks at Home:

Sunday evening, and I have a little time and will write you short letter. I had a dandy letter from mamma just a few days ago, and am glad you are all well, and that Hal has started farming, for 'tis just the stuff, and if he hits her right he sure will raise one big corn crop on that bottom land. I think the Government will let the farmers alone until after their crop is matured, and I believe they should. I told you in my last letter about working as a clerk in the supply office. I was only there for five days, and I guess the colonel needed me as a driver, and I am now back on the driving job again. I told you I would write about a little trip we made to the front. I have made two trips to our front lines. One Sunday I was driving a major and he asked me if I would drive him up to the front, and I sure was "game" for the chance. Things began to get very interesting and lively when we were within about two miles of our artillery. Of course all our roads are camouflaged good, but I drove around "Dead Man's Curve" before I knew about it. There are several of these curves and cross roads that the Germans continually keep their artillery playing on. They seem to have a liking for these places and shell them regularly. We drove a little ways beyond this dead man's curve and stopped our car behind some very good hiding, got out of the car and had taken about ten steps down the road when "zing" came a big German shell right over our heads. We saw

TO PUSH W.S.S. SALES

A meeting of the county committee in charge of the war savings campaign to arrange plans for the pledge drive for the sale of stamps on June 28 was held yesterday afternoon at the Farmers Trust Company. Geo. L. Wilfley is county chairman of the committee and Edward W. Gray is township chairman.

It is planned to carry out the Nebraska idea in the campaign here. The plan has been adopted by the war savings director at Washington. The plan is to have the school directors of every school district in the county arrange for a meeting at their school house at 2 o'clock Friday afternoon, June 28. These school men are to canvass their district and are to see that the people attend. The school directors have been selected to conduct this campaign and if they don't serve they will be known as slackers by the government and will be so reported.

Each township chairman is to organize his township along the line suggested by the war savings director.

The quota for Nodaway county is about $600,000, with $192,000 subscribed. It is expected on the day of the meeting enough pledges will be secured to go over our quota. Payments on these pledges can be made at one time or made monthly during the rest of the campaign, which closes December 31, 1918.

To P. E. O. Convention.

Mrs. T. L. Wilderman and Miss Nell Hudson will leave in the morning for Excelsior Springs to attend the state meeting of the P. E. O. Society, which opens tomorrow for a three days' session.

Mrs. Jean Griffith of Riverton, Wyo., formerly Miss Gertrude Kirch, arrived in Maryville last night to spend the summer with her mother, Mrs. John Kirch. Mrs. Griffith's husband was among the drafted men of Riverton, who were sent to Fort Logan, Colo. for training.

REV. GILBERT COX NOW D. D.

Rev. Gilbert S. Cox, pastor of the First M. E. church, will hereafter be privileged to add "D. D." to his name, the degree of Doctor of Divinity having been conferred on him at Central Wesleyan College at Cameron, Mo., last Friday night, when honors and degrees were announced at the closing exercises. The degree, approved by the board of curators of the college, will be announced to Dr. Cox on his return from California, where he is at present engaged in a college endowment campaign, by Dr. Cameron Mann, president of the College.

GREEN ORGANIZES

At a meeting of the citizens of Green township at Quitman last Thursday afternoon, the township organization of the Red Cross was perfected by election of the following officers:

Chairman—H. C. Bailey.
Secretary—Elmer W. Johnson.
Treasurer—W. A. Slack.
Chairman of Finance Committee—W. S. Frankum.

Members of the Finance Committee—H. C. Hiles, Joseph Kern, D. G. Brooks, A. C. Ford, J. S. Carden, F. R. Boring, Wm. Taylor, Roy Slauson, Jno. W. Smith and Wm. Barry.

The committee decided that the first work would be to solicit for a shipment of hogs to be delivered at Quitman on June 19, and each member of the finance committee was named as solicitors to secure the hogs, each one being authorized to appoint someone to help with the work if there was need. All who are interested in the work of the Red Cross to be ready when approached and give one or two or more hogs.

As another means of raising funds it was decided that, following the request of the government that roosters be eliminated from flocks of laying hens, to ask all persons having roosters to bring them to Quitman between June 3 and June 8. Thursday, June 6, was designated "Rooster Day" when it is hoped that every person in the township will make an effort to bring a rooster for the Red Cross. The hogs will be shipped on June 19, the roosters on June 8.

SUBMARINES SINK 7

GERMAN U-BOATS OFF ATLANTIC COAST ALARM NEW YORK.

FEARS FOR MANY CRAFT

Five Schooners and Two Tankers are Known to be Victims and Fate of Passenger Ship in Doubt.

Washington, June 3.—Fears are expressed this afternoon that the German submarines operating off the Atlantic coast have sunk a much larger number of craft than has yet been reported. Unofficial reports declared that in addition to three schooners which the navy department has officially reported sunk, two other coasting schooners and two tankers have been sent to the bottom, while the fate of the passenger steamer Caroline, which was reported by wireless as being shelled, was in doubt.

New York, June 3.—Secretary of the Navy Daniels announced this afternoon that the port of New York had been closed "under certain restrictions" because of the presence of hostile submarines off the Atlantic coast. Secretary Daniels says the navy department has been informed that three American schooners have been sunk off this coast by submarines. The steamship Bristol, arriving this morning, reported the schooner Edward G. Cole sunk Sunday evening fifty miles southeast of Barnegat, N. J., the Bristol crew rescuing the survivors, and also the crew of another sailing vessel which was sunk. The steamship Grecian reported the schooner Jacob J. Haskel being sunk in that vicinity, the crew being rescued, and also reported the Isabelle Willey was shelled by submarines.

Atlantic Port, June 3.—One German submarine operating along the Atlantic coast was either sunk or captured, according to unverified reports here. A British steamship just arrived here reported picking up wireless appeals for help during the night from two American tankers attacked by submarines.

New York, June 3.—After the maritime exchange here permitted the announcement that fifteen American ships had been sunk off the Atlantic coast by German submarines, officials of the organization this afternoon flatly denied that authentic information to that effect had been received. It was admitted one vessel has been sunk and five others reported sunk. The port of New York is closed.

Boston, June 3.—The collector of port said today he received private advises that the United States war vessels have captured the submarines which sank the American vessels off the port of New York. He said he made the announcement for what it was worth.

FAIRBANKS IS NEAR DEATH.

Indianapolis, June 3.—Hope for the recovery of Former Vice President Fairbanks was practically abandoned today.

40,000 TEXTILE WORKERS STRIKE.

New Bedford, Mass., June 3.—Forty thousand textile operatives, many working on government contracts, went on strike today.

HUNDREDS DIED FROM MALADY.

London, June 3.—There are now 100,000 persons in Madrid suffering from the strange malady which is sweeping the country, said a dispatch to the Times today. In the past ten days there have been seven hundred deaths from the epidemic in Spain.

36 TODAY'S CASUALTY LIST.

Washington, June 3.—Thirty-six casualties are in today's list. Three died of wounds, four were killed in action, two died from accident, seven of disease, three were wounded in action. Sixteen were severely wounded and one slightly wounded.

DECLARE SIEGE AT MOSCOW.

London, June 3.—Following the discovery of a counter revolutionary plot a state of seige has been declared in Moscow. Many plotters were arrested and the executive committee has decided to call to arms several classes of workmen in Petrograd to Moscow.

Washington, June 3.—Denial that the Germans captured the American ammunition depot at Serf and Enpardeners is contained in an extension to General Pershing's communique made public today.

WANTED TO KILL DAUGHTER

According to the St. Joseph Gazette, M. S. Cook of Graham was arrested Saturday afternoon at the home of his daughter, Mrs. Margaret Snyder, of that city, where he had a loaded .38 caliber revolver which he was brandishing, threatening to kill his daughter. Cook is 79 years old and it is thought that his mind is unbalanced. He had a note in his pocket explaining that he would shoot his daughter and himself, but that he was doing it because he was driven to it in an effort to secure a home. The aged man was brought to the police station where he will be held until the relatives can make some arrangements for his care. The actions of the man caused some excitement in the neighborhood.

GAVE PATRIOTIC PROGRAM

A patriotic program was given at the Christian church in Ravenwood Sunday night, the first part of which consisted of the annual children's day exercises of songs, readings and drills. The second part opened with a pantomime representing Belgium, France, the soldiers and Red Cross nurses and was concluded with the singing of "Keep the Home Fires Burning," by Albert Hulen. Following this the service flag of fifteen stars was dedicated, which was covered during the exercises by the national flag. A patriotic speech by Emmett F. Bishop closed the evening's program.

SERGEANT EDWARDS TONIGHT

Much interest is centered in the lecture at the Christian church this evening by Sergeant Edwards, who will speak on the war, the address being under the auspices and for the benefit of the Maryville Red Cross auxiliaries. In compliment to Sergeant Edwards the Home Guards will go in a body and the advance sale of tickets indicates a full house.

Sergeant Edwards, one of the heroes of the great war, is a member of the original Princess Pats, the famous body of Canadian fighters who served under the flag of Princess Patricia. He has a thrilling story and at the conclusion of his talk will devote a period to answering questions concerning any of his war experiences.

JUDGES SEEK RE-ELECTION

Judge Dwight Davis, member of the county court from the southern district, and Judge George Hepburn, member from the northern district, both filed with the county clerk today their intention of seeking re-election to their offices on the Democratic ticket at the coming election. Judge Davis, serving now, is under appointment by Governor Gardner in place of C. P. Schmidt, who removed to Colorado.

Enrollment at the Normal continues this week with 494 registered shortly after noon today. There are still others who are expected and the total registration is expected to be considerably more than 500 before the week is out.

Washington, June 3.—Child labor law was held unconstitutional by the supreme court.

The following enlisted in the army at St. Joseph on Saturday: Virgil A. Spoonemore, Parnell; Oval A. West, Burlington Junction; Francis E. Cummins, Maryville. Spoonemore enlisted in the veterinary corps and West and Cummins in the ordnance corps. Ernest M. Collins of Hopkins enlisted in the navy as seaman of second class.

Byron Richey, Melville Smallwood, Clarence King and Theodore Williams four Hopkins boys who enlisted in the United States navy, left this morning for the Great Lakes naval training station.

M. F. Carden received a card from his son, Joseph W. Carden, today stating that the ship on which he sailed has arrived safely overseas. He is in the navy.

GERMAN HOARDES HELD AT MARNE

FOCH'S RESERVE ARMY BLOCKS ADVANCE, ENEMY GAINS BEING SMALL.

DESPERATE EFFORT TO REACH PARIS, 44 MILES

With Huns Continuing to Pour Fresh Troops into Battle, the French are Mowing Them Down with Terriffic Gun Fire.

Paris, June 3.—Held firmly on the Marne river by Foch's reserve army the Germans on the Marne-Aisne battle field have been making their greatest efforts to advance in the direction of Paris along the western flank of a salient between Soissons and Chateau Theirry. Not only were the Germans held to slight gains, but the French pressed home violent counter assaults, regaining ground at a number of points.

The fighting has continued with utmost violence. The swaying struggle is waged north and south of the Corcz river midway between Soissons and Chateau Theirry.

At one point the Germans are only forty-four miles from Paris, but a spirit of confidence and calmness pervades the city

The Germans continue to pour fresh troops into the battle and throw them forward all along the line with utter disregard for losses. Caught under the terrific fire of the French artillery and machine guns the field gray column melted away like snow in the sunshine. The fresh Allied reserves which are reported to include Americans, are moving fortoward this mighty important fighting field.

Rome, June 3.—The Austrians are again massing reinforcements along the whole Italian front, according to information received here today.

London, June 3.—The British line was advanced slightly at points and successful raids carried out in which two hundred prisoners and a number of machine guns were captured.

Mr. and Mrs. W. E. West, Miss Bertha Stephens, Miss Myrtle Floyd, all of Bolckow and the latter's guest, Mrs. Homer L. Boyd of Seattle, Wash., motored to Maryville Sunday evening to visit friends.

Mr. and Mrs. Cory Jones of Chillicothe, O., are in Maryville visiting at the home of Mr. and Mrs. M. Rittenour and Mr. and Mrs. J. F. Montgomery.

Mrs. George Dougherty and little son Louis, of Bedford, Ia., who have been visiting Mrs. Hattie Hogue and daughter, Miss Myrtle Hogue, for the past ten days, left today for Pickering to visit Mr. and Mrs. J. H. Carmichael.

At the Christian church tomorrow night, baby Marie Osborn in "Dolly Does Her Bit," will be shown on the screen. This is Red Cross picture and is full of entertainment and interest.

THE WEATHER

Generally fair tonight and Tuseday; not much change in temperature.

The Store That Is Anxious to Please You.

quality merchandise for a little less money, and to show our appreciation of the patronage you have extended us, and following the custom of the Haines Stores, established some fifty years ago, we do business at every Anniversary without one cent of profit to ourselves.

The first day of the Sale, Wednesday, June 5, the store will not open for business until NINE O'CLOCK in order that everyone may have an equal chance to secure some of the bargains which are in limited quantity. Read this Ad, mark the items you wish to purchase and bring the advertisement to the store with you. It will make shopping much easier.

A QUITMAN BOY AT THE FRONT.

(Continued from page 1.)

it light in a field about a mile behind us; it sure did make a puff of dust, but that is all the damage it did. We went a little farther down the road and got into an observation pit, where they direct our artillery fire, so you see I was seeing some excitement. We were in this pit about an hour, and while the officer was directing a firing squadron over the telephone he let me use his field glasses, and believe me, our boys were planting some shells over there mighty close to the mark. I could see the German lines good, and it was some grand sight for me, I say it was. The big shells make some noise when they are traveling through the air, and believe me, I did drive some when we were leaving there, but with all the danger, I was glad to have the trip. I sure have it on Dean (Brother) when it comes to knowing anything about this war, but I can tell him all about it when we get back home, ha, ha. I have driven about 100 miles this afternoon and am a little tired, but I might write a little better if was not in such a hurry. I am away behind with my correspondence. Papa, I believe you must have had a little bad luck with that car of hay you shipped when the market broke, but so long as the loss was so small, guess you will have to stand it. You can do anything you like with my old car, but I expect you should keep it, as we will want it when I get home. I know it is pretty well arttled up, but it sure is some running scamp. Papa, you help Hal with his farming; you know he can't farm much. I wish you would loan at least $1,000 f my money, for I will not want to use it until I get out of this little scrap we are having over here. Get the best rate of interest you can from a good man, and let me know who has it and the rate of interest. Mamma, you tell Grandpa not to worry about Dean and I, for we are all right and are coming out of this without a scratch—"maybe," and I will have some good war stories to tell him when we get home, and also about the ways of the French people and a thousand other things. He must just forget all about us until we step in on him some time. They seem to be having a nice little fight right now up in the northern part of the line. Of course, the Boches have gained some ground, but they are paying darned dear, and I think their officers and men are all shot to the dickens, hope so at least. It sure does like to rain over here; when it is not raining hard, it is just coming down in buckets full, but I think it will get nice a little later

Mamma, I think you are surely doing your share of the war work, but you must slow up a little in favor of some of the girls, some of my girls. Tell them for me, to get busy. Now, as I have several letters to write, yet this evening will tell you good night, hoping all are well. I weight 150 pounds and am feeling fine and eating regular. Tell all hello for me.

Sweet Potato Plants

MAKE FOR ONE OF THE MOST PROFITABLE CROPS ON THE FARM. All small and inferior sweet potatoes are relished by the stock, while cooked or steamed these make fine poultry feed, so that there is no waste to them. Sweet potatoes also grow on poorer and higher soil which would otherwise not produce a crop, so that they help to utilize all land on the farm.

The red and white sweet potatoes will still make a good yield if set out by July 1 in this climate, which gives plenty of time to plant up odd patches of ground here and there.

Our plants are guaranteed to be the very best and for producers we recommend the white Southern Queen and Red Bermuda. We have ready for immediate pulling about 30,000 plants. While they last—

White and yellow, 75c per 100; $7.00 per 1000
Red 60c per 100; $5.00 per 1000.

We also have plenty of all kinds of other vegetable and flower plants.

WHITE IVORY

We have a very extensive showing of white ivory for this time of the year This makes a very acceptable wedding gift — cloth brushes, manicure articles, combs, brushes, mirrors, napkin rings, puff boxes, perfume bottles, clocks and many other articles are here to choose from and priced very reasonable.

Ivory cream—we have secured a cream for keeping ivory in perfect condition—it removes discolorations from ivory and imparts a beautiful lustre, at the tube 25c

Many Other Special Items Are Being Arranged For Our June White Sale

DAILY DEMOCRAT-FORUM

NEWS DISPATCHES FROM THE INTERNATIONAL NEWS SERVICE.

VOLUME 8. MARYVILLE, MISSOURI, MONDAY, JUNE 3, 1918 NO. 312.

WAS A HURRY ORDER

The American Red Cross society, with a record for acting quickly in an emergency, had ample opportunity to demonstrate the fact this morning when word was received by the local chapter that 180 soldiers would pass through on the Wabash at noon and asking that they be cared for by being furnished luncheon. With two hours to spare the ladies were on the depot platform at the Wabash forty-five minutes ahead of time with lunches for 240 men, hot coffee, ice water and cigarettes.

The soldiers—there were 108, all volunteers from Aberdeen, S. Dakota, and other nearby points—were en route to training camps. When the Wabash arrived they left the coaches and lined up on the platform where the lunches were distributed and the cups provided by the Red Cross were filled with steaming coffee. The men enjoyed their lunch on the green-sward.

They were unaccompanied by army officers and maintained the best of order and were in great spirits, cheering the Red Cross and with significant yells berating the kaiser and his hosts. "Where's the Red Cross hat?" shouted one of the men, when the meal was finished, and without ceremony a big blonde fellow pulled off his cap and the silver began to fall into it. The Red Cross ladies protested, but without avail, and the coins were dumped into a tin cup and left on one of the baggage trucks as the men, still cheering, climbed aboard. A plentiful supply of cigarettes was brought and every man who wanted to smoke was given all he would take.

Through a misunderstanding of the number of men in the party the Red Cross ladies had enough for twice the number and the surplus was put aboard the coaches that they might have it for supper if they desired. They were given breakfast at Council Bluffs, Iowa, and still had large quantities of eatables given them there.

Learning of the coming of the soldiers a large number of town folks were at the train, among them being scores of Normal students. The Red Cross ladies handled the affair as if it was an every-day occurrence and perfect system was in evidence in every detail. The men helped in getting the supplies to the depot and in seeing that the men got what they wanted.

This is the first request the local chapter has had to provide a canteen service for troops passing through, and as other calls are expected as additional men are routed through Maryville, it is believed that the service will be definitely organized.

Commencement Concert.

The commencement concert of the Conservatory will be held next Wednesday night at the First Methodist church, corner of First and Main streets.

Colorado Visitors.

Mrs. George H. Curfman and children, Martha, Jane and George, Jr., of Salida, Colo., who have been visiting Mrs. Curfman's parents, Mr. and Mrs. David A. Gelvin of Maitland, came to Maryville last night to visit Dr. Curfman's mother, Mrs. J. C. Curfman, and other relatives.

LARGE CROWD HEARD SERMON

A large crowd, including Normal students and city folks, heard the baccalaureate sermon delivered yesterday afternoon to the 1918 graduating class in the Normal auditorium by Dr. S. A. Colle of the Presbyterian church. In an impressive address Dr. Colle presented a picture of the life of Christ as a pattern for service, pointing out that the men and women who achieved the greatest distinction and who were of the most value to the world were those who served. The singing was led by Miss Helen Zenor, director of music at the Normal.

This evening and tomorrow morning will occur the final events in the class exercises with the play "Green Stockings" on the program for tonight and the class exercises tomorrow morning when class honors and certificates will be presented.

A business meeting of the board of regents will be held tomorrow afternoon.

A QUITMAN BOY AT THE FRONT.

The following letter has just been received by H. C. Bailey of Quitman, from his son, Harry, who is with Pershing's forces in France:

Somewhere in France, May 5, 1918.

Dear Folks at Home:

Sunday evening, and I have a little time and will write you short letter. I had a dandy letter from mamma just a few days ago, and am glad you are all well, and that Hal has started farming, for 'tis just the stuff, and if he hits her right he sure will raise one big corn crop on that bottom land. I think the Government will let the farmers alone until after their crop is matured, and I believe they should. I told you in my last letter about working as a clerk in the supply office. I was only there for five days, and I guess the colonel needed me as a driver, and I am now back on the driving job again. I told you I would write about a little trip we made to the front. I have made two trips to our front lines. One Sunday I was driving a major and he asked me if I would drive him up to the front, and I sure was "game" for the chance. Things began to get very interesting and lively when we were within about two miles of our artillery. Of course all our roads are camouflaged good, but I drove around "Dead Man's Curve" before I knew about it. There are several of these curves and cross roads that the Germans continually keep their artillery playing on. They seem to have a liking for these places and shell them regularly. We drove a little ways beyond this dead man's curve and stopped our car behind some very good hiding, got out of the car and had taken about ten steps down the road when "zing" came a big German shell right over our heads. We saw

Benefit Maryville Auxilaries Red Cross

TO PUSH W.S.S. SALES

A meeting of the county committee in charge of the war savings campaign to arrange plans for the pledge drive for the sale of stamps on June 28 was held yesterday afternoon at the Farmers Trust Company. Geo. L. Willfey is county chairman of the committee and Edward W. Gray is township chairman.

It is planned to carry out the Nebraska idea in the campaign here. The plan has been adopted by the war savings director at Washington. The plan is to have the school directors of every school district in the county arrange for a meeting at their school house at 2 o'clock Friday afternoon, June 28. These school men are to canvass their district and are to see that the people attend. The school directors have been selected to conduct this campaign and if they don't serve they will be known as slackers by the government and will be so reported.

Each township chairman is to organize his township along the line suggested by the war savings director.

The quota for Nodaway county is about $600,000, with $192,000 subscribed. It is expected on the day of the meeting enough pledges will be secured to go over our quota. Payments on these pledges can be made at one time or made monthly during the rest of the campaign, which closes December 31, 1918.

To P. E. O. Convention.

Mrs. T. L. Wilderman and Miss Nell Hudson will leave in the morning for Excelsior Springs to attend the state meeting of the P. E. O. Society, which opens tomorrow for a three days' session.

Mrs. Jean Griffith of Riverton, Wyo., formerly Miss Gertrude Kirch, arrived in Maryville last night to spend the summer with her mother, Mrs. John Kirch. Mrs. Griffith's husband was among the drafted men of Riverton, who were sent to Fort Logan, Colo. for training.

REV. GILBERT COX NOW D. D.

Rev. Gilbert S. Cox, pastor of the First M. E. church, will hereafter be privileged to add "D. D." to his name, the degree of Doctor of Divinity having been conferred on him at Central Wesleyan College at Cameron, Mo., last Friday night, when honors and degrees were announced at the closing exercises. The degree, approved by the board of curators of the college, will be announced to Dr. Cox on his return from California, where he is at present engaged in a college endowment campaign, by Dr. Cameron Mann, president of the College.

GREEN ORGANIZES

At a meeting of the citizens of Green township at Quitman last Thursday afternoon, the township organization of the Red Cross was perfected by election of the following officers:

Chairman—H. C. Bailey.

Secretary—Elmer W. Johnson.

Treasurer—W. A. Slack.

Chairman of Finance Committee—W. S. Frankum.

Members of the Finance Committee—H. C. Hiles, Joseph Kern, D. G. Brooks, A. C. Ford, J. S. Carden, F. R. Boring, Wm. Taylor, Roy Slauson, Jno. W. Smith and Wm. Barry.

The committee decided that the first work would be to solicit for a shipment of hogs to be delivered at Quitman on June 19, and each member of the finance committee was named as solicitors to secure the hogs, each one being authorized to appoint someone to help with the work if there was need. All who are interested in the work of the Red Cross to be ready when approached and give one or two or more hogs.

As another means of raising funds it was decided that, following the request of the government that roosters be eliminated from flocks of laying hens, to ask all persons having roosters to bring them to Quitman between June 3 and June 8. Thursday, June 6, was designated "Rooster Day" when it is hoped that every person in the township will make an effort to bring a rooster for the Red Cross. The hogs will be shipped on June 19, the roosters on June 8.

SUBMARINES SINK 7

GERMAN U-BOATS OFF ATLANTIC COAST ALARM NEW YORK.

FEARS FOR MANY CRAFTS

Five Schooners and Two Tankers are Known to be Victims and Fate of Passenger Ship in Doubt.

Washington, June 3.—Fears are expressed this afternoon that the German submarines operating off the Atlantic coast have sunk a much larger number of craft than has yet been reported. Unofficial reports declared that in addition to three schooners which the navy department has officially reported sunk, two other coasting schooners and two tankers have been sent to the bottom, while the fate of the passenger steamer Caroline, which was reported by wireless as being shelled, was in doubt.

New York, June 3.—Secretary of the Navy Daniels announced this afternoon that the port of New York had been closed "under certain restrictions" because of the presence of hostile submarines off the Atlantic coast. Secretary Daniels says the navy department has been informed that three American schooners have been sunk off this coast by submarines. The steamship Bristol, arriving this morning, reported the schooner Edward G. Cole sunk Sunday evening fifty miles southeast of Barnegat, N. J., the Bristol crew rescuing the survivors, and also the crew of another sailing vessel which was sunk. The steamship Grecian reported the schooner Jacob J. Haskel being sunk in that vicinity, the crew being rescued, and also reported the Isabelle Willey was shelled by submarines.

Atlantic Port, June 3.—One German submarine operating along the Atlantic coast was either sunk or captured, according to unverified reports here. A British steamship just arrived here reported picking up wireless appeals for help during the night from two American tankers attacked by submarines.

New York, June 3.—After the maritime exchange here permitted the announcement that fifteen American ships had been sunk off the Atlantic coast by German submarines, officials of the organization this afternoon flatly denied that authentic information to that effect had been received. It was admitted one vessel has been sunk and five others reported sunk. The port of New York is closed.

Boston, June 3.—The collector of port said today he received private advises that the United States war vessels have captured the submarines which sank the American vessels off the port of New York. He said he made the announcement for what it was worth.

FAIRBANKS IS NEAR DEATH.

Indianapolis, June 3.—Hope for the recovery of Former Vice President Fairbanks was practically abandoned today.

40,000 TEXTILE WORKERS STRIKE.

New Bedford, Mass., June 3.—Forty thousand textile operatives, many working on government contracts, went on strike today.

HUNDREDS DIED FROM MALADY.

London, June 3.—There are now 100,000 persons in Madrid suffering from the strange malady which is sweeping the country, said a dispatch to the Times today. In the past ten days there have been seven hundred deaths from the epidemic in Spain.

36 TODAY'S CASUALTY LIST.

Washington, June 3.—Thirty-six casualties are in today's list. Three died of wounds, four were killed in action, two died from accident, seven of disease, three were wounded in action. Sixteen were severely wounded and one slightly wounded.

DECLARE SIEGE AT MOSCOW.

London, June 3.—Following the discovery of a counter revolutionary plot a state of seige has been declared in Moscow. Many plotters were arrested and the executive committee has decided to call to arms several classes of workmen in Petrograd to Moscow.

Washington, June 3.—Denial that the Germans captured the American ammunition depot at Serf and Enpardeners is contained in an extension to General Pershing's communique made public today.

WANTED TO KILL DAUGHTER

According to the St. Joseph Gazette, M. S. Cook of Graham was arrested Saturday afternoon at the home of his daughter, Mrs. Margaret Snyder, of that city, where he had a loaded .38 caliber revolver which he was brandishing, threatening to kill his daughter. Cook is 79 years old and it is thought that his mind is unbalanced. He had a note in his pocket explaining that he would shoot his daughter and himself, but that he was doing it because he was driven to it in an effort to secure a home. The aged man was brought to the police station where he will be held until the relatives can make some arrangements for his care. The actions of the man caused some excitement in the neighborhood.

GAVE PATRIOTIC PROGRAM

A patriotic program was given at the Christian church in Ravenwood Sunday night, the first part of which consisted of the annual children's day exercises of songs, readings and drills. The second part opened with a pantomime representing Belgium, France, the soldiers and Red Cross nurses and was concluded with the singing of "Keep the Home Fires Burning," by Albert Hulen. Following this the service flag of fifteen stars was dedicated, which was covered during the exercises by the national flag. A patriotic speech by Emmett F. Bishop closed the evening's program.

SERGEANT EDWARDS TONIGHT

Much interest is centered in the lecture at the Christian church this evening by Sergeant Edwards, who will speak on the war, the address being under the auspices and for the benefit of the Maryville Red Cross auxiliaries. In compliment to Sergeant Edwards the Home Guards will go in a body and the advance sale of tickets indicates a full house.

Sergeant Edwards, one of the heroes of the great war, is a member of the original Princess Pats, the famous body of Canadian fighters who served under the flag of Princess Patricia. He has a thrilling story and at the conclusion of his talk will devote a period to answering questions concerning any of his war experiences.

JUDGES SEEK RE-ELECTION

Judge Dwight Davis, member of the county court from the southern district, and Judge George Hepburn, member from the northern district, both filed with the county clerk today their intention of seeking re-election to their offices on the Democratic ticket at the coming election. Judge Davis, serving now, is under appointment by Governor Gardner in place of C. P. Schmidt, who removed to Colorado.

Enrollment at the Normal continues this week with 494 registered shortly after noon today. There are still others who are expected and the total registration is expected to be considerably more than 500 before the week is out.

Washington, June 3.—Child labor law was held unconstitutional by the supreme court.

The following enlisted in the army at St. Joseph on Saturday: Virgil A. Spoonemore, Parnell; Oval A. West, Burlington Junction; Francis E. Cummins, Maryville. Spoonemore enlisted in the veterinary corps and West and Cummins in the ordnance corps. Ernest M. Collins of Hopkins enlisted in the navy as seaman of second class.

Byron Richey, Melville Smallwood, Clarence King and Theodore Williams four Hopkins boys who enlisted in the United States navy, left this morning for the Great Lakes naval training station.

M. F. Carden received a card from his son, Joseph W. Carden, today stating that the ship on which he sailed has arrived safely overseas. He is in the navy.

GERMAN HOARDES HELD AT MARNE

FOCH'S RESERVE ARMY BLOCKS ADVANCE, ENEMY GAINS BEING SMALL.

DESPERATE EFFORT TO REACH PARIS, 44 MILES

With Huns Continuing to Pour Fresh Troops into Battle, the French are Mowing Them Down with Terriffic Gun Fire.

Paris, June 3.—Held firmly on the Marne river by Foch's reserve army the Germans on the Marne-Aisne battle field have been making their greatest efforts to advance in the direction of Paris along the western flank of a salient between Soissons and Chateau Thierry. Not only were the Germans held to slight gains, but the French pressed home violent counter assaults, regaining ground at a number of points.

The fighting has continued with utmost violence. The swaying struggle is waged north and south of the Corcz river midway between Soissons and Chateau Thierry.

At one point the Germans are only forty-four miles from Paris, but a spirit of confidence and calmness pervades the city

The Germans continue to pour fresh troops into the battle and throw them forward all along the line with utter disregard for losses. Caught under the terrific fire of the French artillery and machine guns the field gray column melted away like snow in the sunshine. The fresh Allied reserves which are reported to include Americans, are moving forward this mighty important fighting field.

Rome, June 3.—The Austrians are again massing reinforcements along the whole Italian front, according to information received here today.

London, June 3.—The British line was advanced slightly at points and successful raids carried out in which two hundred prisoners and a number of machine guns were captured.

Mr. and Mrs. W. E. West, Miss Bertha Stephens, Miss Myrtle Floyd, all of Bolckow and the latter's guest, Mrs. Homer L. Boyd of Seattle, Wash., motored to Maryville Sunday evening to visit friends.

Mr. and Mrs. Cory Jones of Chillicothe, O., are in Maryville visiting at the home of Mr. and Mrs. M. Ritenour and Mr. and Mrs. J. F. Montgomery.

Mrs. George Dougherty and little son Louis, of Bedford, Ia., who have been visiting Mrs. Hattie Hogue and daughter, Miss Myrtle Hogue, for the past ten days, left today for Pickering to visit Mr. and Mrs. J. H. Carmichael.

At the Christian church tomorrow night, baby Marie Osborn in "Dolly Does Her Bit," will be shown on the screen. This is Red Cross picture and is full of entertainment and interest.

A QUITMAN BOY AT THE FRONT.

(Continued from page 1.)

it light in a field about a mile behind us; it sure did make a puff of dust, but that is all the damage it did. We went a little farther down the road and got into an observation pit, where they direct our artillery fire, so you see I was seeing some excitement. We were in this pit about an hour, and while the officer was directing a firing squadron over the telephone he let me use his field glasses, and believe me, our boys were planting some shells over there mighty close to the mark. I could see the German lines good, and it was some grand sight for me, I say it was. The big shells make some noise when they are traveling through the air, and believe me, I did drive some when we were leaving there, but with all the danger, I was glad to have the trip. I sure have it on Dean (Brother) when it comes to knowing anything about this war, but I can tell him all about it when we get back home, ha, ha. I have driven about 100 miles this afternoon and am a little tired, but I might write a little better if was not in such a hurry. I am away behind with my correspondence. Papa, I believe you must have had a little bad luck with that car of hay you shipped when the market broke, but so long as the loss was so small, guess you will have to stand it. You can do anything you like with my old car, but I expect you should keep it, as we will want it when I get home. I know it is pretty well arttled up, but it sure is some running scamp. Papa, you help Hal with his farming; you know he can't farm much. I wish you would loan at least $1,000 f my money, for I will not want to use it until I get out of this little scrap we are having over here. Get the best rate of interest you can from a good man, and let me know who has it and the rate of interest. Mamma, you tell Grandpa not to worry about Dean and I, for we are all right and are coming out of this without a scratch—"maybe," and I will have some good war stories to tell him when we get home, and also about the ways of the French people and a thousand other things. He must just forget all about us until we step in on him some time. They seem to be having a nice little fight right now up in the northern part of the line. Of course, the Boches have gained some ground, but they are paying darned dear, and I think their officers and men are all shot to the dickens, hope so at least. It sure does like to rain over here; when it is not raining hard, it is just coming down in buckets full, but I think it will get nice a little later.

Mamma, I think you are surely doing your share of the war work, but you must slow up a little in favor of some of the girls, some of my girls. Tell them for me, to get busy. Now, as I have several letters to write, yet this evening will tell you good night, hoping all are well. I weight 150 pounds and am feeling fine and eating regular. Tell all hello for me.

Sweet Potato Plants

MAKE FOR ONE OF THE MOST PROFITABLE CROPS ON THE FARM. All small and inferior sweet potatoes are relished by the stock, while cooked or steamed these make fine poultry feed, so that there is no waste to them. Sweet potatoes also grow on poorer and higher soil which would otherwise not produce a crop, so that they help to utilize all land on the farm.

The red and white sweet potatoes will still make a good yield if set out by July 1 in this climate, which gives plenty of time to plant up odd patches of ground here and there.

Our plants are guaranteed to be the very best and for producers we recommend the white Southern Queen and Red Bermuda. We have ready for immediate pulling about 30,000 plants. While they last—

White and yellow, 75c per 100; $7.00 per 1000
Red 60c per 100; $5.00 per 1000.

We also have plenty of all kinds of other vegetable and flower plants.
